Awards For Excellence Scheme

The Awards for Excellence Scheme was introduced in 2013, it is an annual scheme that aims to recognise staff contributions to the work of the university and to re-ward exceptional individual contributions. All staff in grades 1-10 with more than six months service are eligible to be nominated. Staff must meet the following criteria:

Have performed well in all the key areas of their jobs

AND

have consistently demonstrated exceptional performance, significantly above that which might reasonably have been expected for their grade.

All eligible staff will be reviewed annually in the gathered field exercise. Awards for Excellence are limited to one increment in all cases. The 2017 gathered field exercise is now open and nominations must be submitted to the OCDEM Administrator (Lynne.whay@ocdem.ox.ac.uk) by Friday 19th January 2018. Schedules will be issued out to line managers this week.

Staff at the top discretionary point of any grade are eligible to be considered for the award of a non-pensionable lump sum to the value of one increment to reward exceptional performance only.

Nominations for the award will be made primarily by line managers. However individuals who believe they deserve an award can discuss with their line manager and if agreement cannot be made about a nomination the individual can nominate themselves using a self-nomination form. Note the self-referral form contains a mandatory field for manager's comments. Forms can be found on the OCDEM website

<http://www.ocdem.ox.ac.uk/personnel-forms>

Nominations will be reviewed by a panel made up of members of the management board. If you have any queries regarding the scheme then please contact **Lynne Whay or Karla Taylor**
