**USE OF MOBILE DEVICES – REMINDER FORMS TO BE RETURNED TO PERSONNEL BY 8<sup>TH</sup> JUNE**

Forms were due back to personnel by Friday last week if you use any mobile devices to **access, process or store University information**. If you have not returned one we will assume that you do not use mobile devices to access, process or store University information.

**GENERAL DATA PROTECTION REGULATION (GDPR)****Use of photographs and video**

This guidance covers photos or video (images) of people taken for University purposes.

**Personal Data**

If the image can be used to identify an individual and tell you something about them it is likely that it will be personal data for the purpose of the General Data Protection Regulation (GDPR). People can obviously be identified from names but may also be identified from contextual information e.g. the caption reads: 'This photo shows students working in the Law library'.

The following examples will help you to identify the issues that you need to consider.

**Photos of specific individuals/groups**

Where an image is clearly of an individual or group of individuals, who are the focus of the image, it will be personal data, and consent is required to use it. Although the GDPR does not specify that consent should be in written form it is strongly recommended that you obtain written consent so that you have a record, in case of subsequent disputes.

Consent forms must explain clearly and fully how the image will be used and how long it will be retained e.g.

*I give permission to the University of Oxford for my photograph and written profile to be used in the [Undergraduate Prospectus and University website] and other promotional material for which it may be suitable. Images will be held and used in publicity for up to X years.*

## **World Cup 2018 Predictor**

Geoff Denwood is intending to run a World Cup Predictor Game during this summer's tournament. The aim is to correctly predict scores and results of the World Cup fixtures. It is very quick and easy to play and it will cost £2 to take part with cash prizes available for those finishing 1st, 2nd, 3rd and last in the standings! Entries need to be in before the tournament kicks off at 4pm on Thursday 14th June. Email [geoffrey.denwood@ocdem.ox.ac.uk](mailto:geoffrey.denwood@ocdem.ox.ac.uk) for a form or if you have any questions.

## **PERSONAL SAFETY ALARMS**

Oxford University Security Services have provided us with a supply of personal safety alarms which are available for issue, free of charge, to any member of OCDEM staff, male or female, who would like one.

If you would like to receive one of these alarms please see Den Carter, with your University id card, and he will happily hand one over.

## **TRAINING**

### **Referencing: EndNote - Start to finish**

18/06/2018 - 09:15 - 16:15

Staff £60/Students £30

This workshop brings together topics covered in the separate Referencing courses from this series, in an immersive 1-day course. We want you to spend less time fighting with your papers and more time thinking about your research!

If you need to get your research reading properly organised, collecting papers and references and citing them in your own work, then a reference management app is what you need. "Start To Finish" is an immersive boot-camp, where you will discover how EndNote and Word work together to save you time. You will explore how to set up a workflow that suits you for collecting references, and how to keep your growing library helpfully organised.

This course is aimed at anyone who is preparing papers, theses, reports and books, and needs to manage a collection of references and cite them in their own written work, It is taught using EndNote X8 and is available to Windows and Mac users.

Mac users - [Book and pay](#)

### **Spreadsheets: Start to finish**

This "boot camp" is for those who need to quickly get up to speed working with spreadsheets. It brings together topics covered in our separate spreadsheet courses into an immersive 2-day session including:

- Good practice with spreadsheets
- Charts
- Inheriting spreadsheets
- Designing robust spreadsheets
- Lookups
- PivotTables

The course will be taught using Excel 2013 and is ideal for anyone who needs to work with spreadsheets, build spreadsheets to be used by others, or adapt an existing spreadsheet.

13/06/2018 and 14/06/2018 (both sessions 09:15-15:15)

Staff £100/Students £50

### **Traffic Alert: 27 and 28 June**

University-wide undergraduate [Open Days](#) will be held on Wednesday 27 and Thursday 28 June. These events are aimed at prospective undergraduate applicants and their families, whom we encourage to visit Oxford to learn more about courses, colleges and the University in general.

Several thousand visitors are expected, and so the traffic is likely to be heavy. Extra buses will be put on at the Park & Rides, but there may still be delays so you may want to allow extra time to get to work. If you would like to find out more about any potential disruptions to your journey, please see Oxfordshire County Council's [live travel information](#).

We know that Open Days are very significant in helping students decide which universities to apply to and we are very grateful to all those staff and students who are involved in making these events a success.

If you have any queries, please contact [opendays@admin.ox.ac.uk](mailto:opendays@admin.ox.ac.uk).

### **Rail closures 7-22 July**

You may be aware that there are currently major rail upgrade works in Oxfordshire which will result in railway line closures through Oxford station for a two week period from 7-22 July 2018, inclusive.

## **Important changes to parking permit applications for 2018-19**

The way University parking permits are applied for is changing. The permit application process is going paperless, with the aim of cutting costs and reducing the administrative workload for departments.

Please tell your colleagues that they need to visit <http://www.admin.ox.ac.uk/estates/ourservices/travel/car/parking-forms/> and set up an online account if they wish to apply for a parking permit for 2018/19. Holders of accounts with Planon-related services such as FM Online and FacilityNet can use their existing credentials and do not need to set up a separate account.

The deadline for submitting permit applications for 2018/19 permits is 24 August 2018.

The new system will have several benefits:

- Applicants can apply online and track the progress of their application
- There is an online form for each type of permit to ensure we capture the information we need
- Departmental administrators will no longer need to process off-peak permits

Details of how the new system will work, including further guidance for administrators, are available at <http://www.admin.ox.ac.uk/estates/ourservices/travel/car/parking-forms/>.

Please note that applications for 2017/18 permits should be sent to Security Services as before, using the existing paper forms at

<http://www.admin.ox.ac.uk/estates/ourservices/travel/parking-forms/>
