ISSUE NO 202

SEMINARS

WEDNESDAY SEMINAR

There is no Wednesday seminar this week.

FRIDAY SEMINAR

There is no Friday seminar this week.

MEDICAL GRAND ROUNDS

There is no medical grand rounds this week

STATISTICIAN

Grade 6: £28,660 - £34,189 with a discretionary range to £37,345 p.a.

An exciting opportunity has arisen to appoint a new medical statistician to join the Diabetes Trials Unit (DTU) Statistics and Modelling group, part of the Oxford Centre for Diabetes, Endocrinology and Metabolism (OCDEM) on the Churchill Hospital campus, Oxford.

The DTU is a fully registered UKCRC Clinical Trials Unit and one of only a handful of academic research organisations worldwide that specialises in designing and performing both global clinical outcome mega-trials and early-phase translational trials of novel therapeutic opportunities and devices. This post represents an excellent development opportunity for the successful applicant who will be able to contribute to on-going and upcoming clinical studies under the guidance of senior statisticians.

Applicants should have a postgraduate degree in statistics or a related subject and have knowledge of statistical theory and methods, together with basic statistical computing and programming skills, e.g. programming in SAS, Stata or R. Some knowledge/experience of clinical trials would be an advantage, however training can be provided.

Applicants must be able to work independently as well as part of a team, be able to communicate complex concepts to non-statisticians, and have effective interpersonal skills.

The post is full-time and fixed-term for 2 years in the first instance.

Please quote 142243 in all correspondence.

For informal enquiries about the role please contact Ruth Coleman, Senior Research Statistician, email: ruth.coleman@dtu.ox.ac.uk Tel: 01865 857253

The deadline for applications is 12.00 midday on 6 September 2019. Interviews will be held on the 24 September 2019.

HEALTH AND WELLBEING

YOGA IN THE WORK PLACE:

13.00-14.00 Robert Turner Lecture Theatre

27th August

ACCESS TO JR 1 AND 2 (MAIN BUILDINGS) LEVEL 0

From Friday 6 September 2019, access to Level 0 will be with OUH, Bouygues and NHSP staff ID cards only. **If you need access to Level 0, and you have an up to date OUH, NHSP or Bouygues ID card, you do not need to do anything.** This does not affect Level 0 in the West Wing.

Access will be restricted to staff with operational needs, such as those:

- who work on Level 0
- whose work regularly takes them to Level 0
- who need access to the linen room
- who have store rooms on Level 0
- need access to the changing rooms on Level 0.

Level 0 must not be used for:

- a short cut
- access with patients to other parts of the hospital
- meeting colleagues.

If your ID card does not work, first check it is up to date. If it still does not work, your manager should email a form to rachel.collins@ouh.nhs.uk. Then, please go with your card to the Security Admin Office on Level 2 of the JR main building where your card will be updated. For security reasons, you must attend in person and you must bring your ID card with you.

Parent/Carers Group
Next session
Tuesday 10 September 2019 at 10.30am

Do you have questions or want to share information/experiences with fellow parents/carers?

The parent/carers group is a useful way for staff to share tips and advice. All staff are welcome to attend.

11:30am
Large Seminar Room
